

## COCHISE-SANTA CRUZ FARMERS PLAN MOTORCADE TO DOUGLAS

Opulent Agriculturists of the Prosperous Southern Counties to Motor to Copper City for Two-Day Conference, Aug. 27-28

That times are booming in the south of the state, is evident from the fact the farmers are planning a motorcade. And the farmers are the backbone of the country—so Cyclone Johnson Davis says, (quoting), and therefore, the country must be pretty prosperous, if its spinal column flourishes so.

Although there is a great interest in the activities of the farmers of the rest of the state, the chief cause for excitement lies in the fact that the University of Arizona, in its printed invitations for the affair, uses the word "motorcade," a conglomeration of letters invented by The Republican to fit the motorcade in this country. Writing of the motorcade, Prof. Stanley F. Morse, superintendent of the U. A. extension work, says:

"Your community is invited to send one or more delegates to attend a convention and motorcade of the farmers of Cochise and Santa Cruz counties to be held at Douglas, August 27th and 28th, 1915. I would suggest that you call a special meeting immediately to elect these delegates. In this connection it may be found desirable for your organization or community to pay a part or all of the expenses of your delegates."

"The principal purpose of this convention is to organize a County Farm Improvement Association with the object of co-operating with the University of Arizona Agricultural Extension Service, the United States Department of Agriculture, and the County Supervisors through the county farm advisor and their other representatives to develop and make more profitable the agriculture and to improve the rural home conditions of the counties.

"An effort is being made to secure reduced hotel rates. It is hoped that a large number of farmers will attend this convention and help to make it a rousing success."

FARMERS' CONVENTION AND MOTORCADE, COCHISE-SANTA CRUZ COUNTIES, August 27 and 28, Douglas, Arizona

HEADQUARTERS: CHAMBER OF COMMERCE

Saturday, August 28—Motorcade

NOTICE  
All who intend to accompany the motorcade should register at headquarters before 5 p.m. Friday.

Automobiles will leave Chamber of Commerce at 8:30 a.m., covering the following route: Bisbee, McNeal, Webb, Whitewater, Soils, growing crops, livestock, pit silos (some under construction and some being filled), and pumping plants will be inspected.

A. L. Paschall, County Farm Advisor, will explain the special points of interest.

Local arrangements for automobiles, meeting place, etc., are being handled by the Douglas Chamber of Commerce, Oscar K. Golt, secretary.

### AMUSEMENTS

#### "To A. blanché" At Lion Today

Mis-shipment from Los Angeles is the cause of failure to show "The Avalanche" at the Lion yesterday and it will be shown today only. Catherine Counties, well known legitimate actress takes the leading part in "The Avalanche" which is a story of the stock market by the famous authors Robert Hilliard and W. A. Tremayne and contains many very tense situations, especially when the ticker said that avalanche stock had dropped six points. Miss Counties has the support of a splendid company of players and "The Avalanche" is well worth seeing at the Lion today. Sunday the feature at the Lion will be "Shorty" Hamilton in a comedy called "Shorty's Trouble" and Monday brings a great circus picture entitled "The Flying Twins." The first performance at the Lion begins at 10 a. m. and continues throughout the day, many people taking advantage of the morning hours, because it is cooler.

#### "The Moth and The Flame"

"The Moth and The Flame" the greatest of all the celebrated plays by the gifted dramatist, Clyde Fitch, has been produced with remarkable effect by the Famous Players Film company, and is the current feature attraction on the Paramount Program at The Arizona. The play made such a definite success when produced on the stage that the screen translation of the powerful plot is certain to attract wide interest. The moths is Marion Mollton, a fashionable but very lovable girl in New York who is in love with Edward Fletcher, though she is warned by her friends of his character. Womanlike, she defends and loves him all the more because of the many enemies who speak against him, and again womanlike, openly declares she does not believe the stories of his past, and secretly tells herself that even if they are true she knows that she can reform him. She is about to marry him, when another young woman with a child presents herself at the wedding ceremony, and claims the name of the man. The moth is blinded by the flame, so that she cannot see the peril threatening her. The moth sees her danger, however, just in time to avert it, and with the extinguishing of the flame, the moth, though her wings are singed, still manages to fly to safety and rescues her soul from the devouring fire.

#### Comedy at the Empress

The next two days at the Empress will be brimful of fun as the three part Vitagraph comedy, "Victor's at Seven" is one of those wonderful laugh producers, featuring Kate Price, Hugnie Mack, Nicholas Dunaway, Charles Mack, Anna Laughlin and John T. Kelley. Also the famous English Music Hall comedian, Billy Reeves, in "Nearly a Prize Fighter" will finish the laughable side of the program. If you don't think that they are good just ask some one who was there last evening or if you were around near the Empress last night you surely heard the noise. Did they laugh? No, they just simply went wild. Don't miss it. A Selig one reel drama, showing the intelligence and devotion of a horse entitled "Saved By Her Horse" and a Hearst-Selig Weekly completes this very strong and attractive program.

#### Newsies at the Park

The biggest hit of the year in the way of musical entertainment at Riverside is the New Orleans Newsboys Quartet now singing at the park. These boys are genuine newsboys working their way across the country from New Orleans to the San Francisco exposition and they are making a reputation and they are making a reputation as they go. Last night they were cheered and applauded until the picture show had to suspend operations for a quarter of an hour or more while they continued singing one song after another. Tonight they will sing a number of new songs, among them some of their own composition. There will be no extra charge for hearing them, this being one of the many free attractions the park offers from time to time. The swimming continues to be the chief day time attraction, drawing crowds during the afternoon and early evening hours, after which the dancing and movies receive their share of attention. A complete change of program will be shown at the picture show tonight and the new music at the dancing pavilion will undoubtedly draw an even larger crowd than usual to the Saturday night dance.

#### Ghost Dance at Plaza

It is an extra special feature day at the Plaza today, with the "Last Ghost Dance" a fascinating drama of the Indians as the headliner. The picture shows a close up view of the famous ghost dance, but uses this unique ceremony merely as a setting for a highly thrilling film story.

The film was produced in Oklahoma, by Miller Brothers' 101 Ranch. It features Baby Earl and Elsie Albert. The ninth installment of the Master Key and one good comedy round out the bill.

#### Judith of Bethulia

The patrons of motion pictures who saw "Judith of Bethulia" yesterday were amazed at the number of motion picture stars that were shown in the film, stars that are today recognized as the leaders of the profession.

In addition to Blanche Sweet, the scenes of the play abound in showing the ability of Dorothy and Lilian Gish, Robert Harron, Mae Marsh, Henry Carey, Kate Bruce, Henry Walthall, Charles H. West, Lionel Barrymore, Frank Evans, William Jefferson, Thomas Jefferson, Edward Dillon, W. Christie Miller and Flo LaBadie, in fact, the production needs but a few more of the faces of the original workers under Mr. Griffith to complete the galaxy of the leaders among nearly all the companies of the country today.

The story is an excellent one and lends itself to picture admirably. It needed the genius of Griffith to add to it all the spectacular features

### "THE BOSTON STORE"

### EASIER NAMES

Some awful names have come to view Since war began; But now the tides of war lead to The River San. Another name, too, brings a smile To the lay mug, We can pronounce that in good style, The River Bug. For combs and Bkx we little care; They date a man, We much prefer that tuneful pair, The Bug and San. —Kansas City Journal.
